Quota-Free Police Productivity System

TO: Supervisory/Management Personnel

SUBJECT: Fair-day's Work for a Fair-day's Pay

The Warminster Township Police Department is hosting Quota-Free Police Productivity System on April 7, 2010. Agencies that have tried to develop fair and defensible productivity standards are repeatedly challenged as running a "quota" system by the very employees who are the least productive. This program teaches how management can establish and enforce (without establishing a quota-system, or violating state anti-quota laws) objective and fair productivity standards to ensure that every employee contributes his/her fair share of work productivity.

Attendees will receive all forms and instruments needed to implement a Fair-day's Work standards in their agency to include a computerized productivity data tracking program, and a certificate of attendance.
